Cylburn Nature Camp
Parent’s Guide

About Our Program

Cylburn’s Nature Camp focuses on the environment and teaches children (ages 5 to 10) knowledge of and respect for nature and their surroundings. They will explore our 200-acre park with counselors who will teach them about the plants and animals they encounter, fungi, weather, watershed issues, ecosystem balances, and more!

Children hike the trails, participate in science-oriented mini classes, and partake in activities that combine science with art: homemade sundials, insect houses, and optical illusion spinners, to name a few.

Throughout a week-long session, activities are mixed with eco-oriented games and lunch locales set in our different gardens.

Join the fun and watch your children learn to be good stewards of our environment.
Drop off & Pick Up Procedures

Drop Off/Pick up Location: Vollmer Visitor Center
Drop off: 9:00 a.m.
Pick up: 3:00 p.m.

Because the Arboretum is closed to the public on Mondays, the front gate will be locked on Mondays. You can access the Arboretum through the Service Entrance on Cylburn Ave. Come up the road and make the first right which will lead you through the lower Vollmer Parking Lot. Take a left at the stop sign and pull in front of Vollmer. The director and counselors will be there to welcome the campers. Please allow a little extra time on Mondays since we will check registration and make sure we know who is picking up the camper. We may ask you to complete any missing paperwork and make sure we have the best phone number to reach you, just in case.

Tuesday through Friday, use the main gate and come directly to the Vollmer Center. Please be prompt on both ends of the day.

For all guardians: For your child’s safety, please sign them in and out each day. At no time should you let the child join or leave the camp without one of the counselors being aware. Campers will be permitted to leave only with authorized adults (as listed on the Registration Form).

Weather & Clothing

Hats, camp t-shirts, and sneakers are strongly encouraged. Flip Flops and open-toes shoes are NOT permitted. Water shoes are appropriate to wear on water days. Campers will be given a camp T-shirt on the first day of camp. Please be sure that your child is covered with sunscreen and insect repellent before their arrival to camp.

What to Bring

Campers should bring a lunch (peanut free), a peanut-free snack, and refillable water leak proof bottle marked with their name to camp each day. A backpack or small bag may be helpful in carrying these items. Less is more! Be sure to label all items with your child’s name. Please do not bring toys, phones, cameras, electronic devices, money or valuables to camp. The fewer items that your child carries with them the better! Cylburn Arboretum is not responsible for lost, stolen or damaged items.

Other items:
- sunglasses (to act as safety goggles)
- hat
- spare T shirt, shorts, socks, underwear, shoes
- plastic bag (for dirty/wet clothes)
- rain jacket
- rain/mud boots
- towel

Camper Behavior

Our camp environment is informal but structured. Campers will be informed of Arboretum rules and etiquette on the first day of camp. All campers are expected to respect each other, as well as the Arboretum plants and wildlife. Disruptive behavior affects the fun, safety, and overall quality of the camp experience in the group. In the event of repeated misbehavior, counselors will notify the parent/guardian and request that the camper be picked up or dismissed. No refunds will be given to campers who are dismissed.

Safety & Medical information

Cylburn's Nature Camp is under the care of Sinai Hospital should anyone need medical attention. The camper’s medical form is shared with our nurse OnCall prior to the beginning of camp and all counselors are trained in administering first aid and CPR and will contact authorized medical personnel in the case of an emergency. In the event of a family emergency during camp hours, please contact (410) 367-2217, or find the Camp Director or a counselor in the Cylburn Mansion.

Sun, Mosquitoes & Ticks

If you choose for your child to use sunscreen and/or insect repellent, please apply it prior to camp. Counselors will apply as needed with permission (see Registration Waiver Form). Campers will be hiking through grass, wooded areas, and trails—all places where ticks may be found. While ticks have not posed a problem in the past, we suggest that tick checks be done when campers are home. Cylburn will provide Repel brand insect repellent.
