

PARENT HANDBOOK 2023

About Our Program

Cylburn Arboretum Friends' Nature Camp teaches children knowledge of and respect for the nature that surrounds them. Campers will explore our 200-acre park with staff who will teach them about the plants, animals, fungi, and habitats they encounter.

We will spend our days at camp hiking the trails and partaking in environmental education lessons, activities, art, and group games. Our goals are to nurture a sense of wonder and curiosity about the natural world and to help children learn to be good stewards of their environment. This summer, we are offering:

- **Two 2-week Elementary sessions for students entering grades K-5 (ages 5-10)**
- **One 1-week Middle School session for students entering grades 6-8 (ages 11-13)**
- **One 1-week Mini camp for students entering PreK and Kindergarten (ages 4-5)**

COVID-19 Information

To ensure the health and safety in this time of COVID-19, we will follow the recommendations and procedures of the CDC, the City of Baltimore and the Maryland Department of Health. We are governed by the Maryland Youth Camp regulations and will make a copy of the most recent regulations available to all parents and guardians prior to the start of camp.

Despite the unknown status of COVID-19 in Summer 2023, we do have a plan in place for making camp safe:

- Camp will be held in the Nature Education Center but most activities will occur outdoors, weather permitting.
- Session size is limited to 18 campers per session. Staff to camper ratio will be 6:1.
- We are asking children to bring their own snacks, lunch, and refillable water bottles.
- We will provide hand sanitizer and sanitize surfaces and supplies between uses.
- We ask that all campers be fully vaccinated against COVID-19.
- As we get a clearer picture of what this summer will look like, we will update you with information about health screenings, temperature checks, testing, and mask-wearing.

Drop off & Pick Up Procedures

We are pleased to be able to offer aftercare this year for our campers. See camp registration for details and cost by camp session. To ensure proper staffing coverage and following of all safety measures, we ask that campers be registered for Extended Day at the time of camp registration. Camper Behavior

Our camp environment is structured but relaxed. Campers will be informed of Arboretum rules and etiquette on the first day of camp. All campers are expected to respect each other, as well as the Arboretum's plants and wildlife. Disruptive behavior affects the fun, safety, and overall quality of the camp experience in the group. In the event of repeated misbehavior, camp staff will notify the parent/guardian and request that the camper be picked up or dismissed. No refunds will be given to campers who are dismissed.

Safety & Medical information

Cylburn's Nature Camp is under the care of Sinai Hospital should anyone need medical attention. The camper's medical form is shared with our nurse OnCall prior to the beginning of camp and all counselors are trained in administering first aid and CPR and will contact authorized medical personnel in the case of an emergency. In the event of a family emergency during camp hours, please contact the Arboretum at (410) 367-2217, or directly notify a camp staff member.

Sun, Mosquitoes & Ticks

If you choose for your child to use sunscreen and/or insect repellent, please apply it prior to camp. Counselors will apply as needed with permission (see Registration Waiver Form). Campers will be hiking through grass, wooded areas, and trails—all places where ticks may be found. While ticks have not posed a problem in the past, we ask that tick checks be done when campers return home each day.

Registration Policies

Online registrations will be processed as they are received. A completed Registration Waiver Form must be submitted within two weeks after an online registration has been completed in order to hold a camper's place in the program. Please email naturecamp@cylburn.org to be placed on a waiting list. Cancellations occasionally occur.
